

Sec. 1. DYSLEXIA AND RELATED DISORDERS

The Board shall ensure that procedures for identifying and providing appropriate instructional services to students for dyslexia and related disorders are implemented by THE LAWSON ACADEMY . These procedures shall be implemented in accordance with the most recently updated version of the State Board of Education's *Dyslexia Handbook: Procedures Concerning Dyslexia and Related Disorders (Dyslexia Handbook)*.

SEC. 2. PARENTAL NOTIFICATIONS AND CONSENT

Anytime a child is suspected to have dyslexia or a related disorder and may need dyslexia intervention services, the LEA must seek parental consent for a Full Individual Initial Evaluation (FIIIE) under the IDEA. The process of seeking informed parental consent under the IDEA must include proper prior written notice and be accompanied by the notice of procedural safeguards.

THE LAWSON ACADEMY shall provide to parents of children suspected to have dyslexia or a related disorder a copy of or link to the electronic version of the most recently updated version of the State Board of Education's *Dyslexia Handbook: Procedures Concerning Dyslexia and Related Disorders (Dyslexia Handbook)*.

Parents and guardians of students with dyslexia or a related disorder must be informed of all services and options available to the student, including general education interventions under response to intervention and multi-tiered systems of support modules as required by Section 26.0081 of the Education Code.

Sec 3. IDENTIFICATION AND TESTING

A process for early identification, intervention, and support for students at risk for dyslexia and related disorders must be available, as outlined in the *Dyslexia Handbook*. The program must include a screening at the end of each school year for all kindergarten students and by January 31st for first grade students.

THE LAWSON ACADEMY may not use early intervention strategies, including multi-tiered systems of support, to delay or deny the provision of a full and individual evaluation to a child suspected of having a specific learning disability, including dyslexia or a related disorder.

SEC 4. PERSONNEL QUALIFICATIONS

Highly trained individuals must deliver dyslexia instruction. Teachers who provide dyslexia intervention for students are not required to hold a specific license or certification. However, these educators must at a minimum have additional documented dyslexia training aligned to 19 TAC §74.28(c) and must deliver the instruction with fidelity. A provider of dyslexia instruction does not have to be certified as a special educator when serving a student who also receives special

education and related services if that provider is the most appropriate person to offer dyslexia instruction.

SEC. 5. TREATMENT AND SERVICES

THE LAWSON ACADEMY shall provide each identified student access at his or her campus to instructional programs and to the services of a teacher trained in dyslexia and related services. THE LAWSON ACADEMY may, with the approval of each student's parents or guardians, offer additional services at a centralized location, so long as such centralized services do not preclude each student from receiving services at his or her campus.

a) *Reading Program*

THE LAWSON ACADEMY shall purchase a reading program or develop its own reading program for students with dyslexia and related disorders that is aligned with the descriptors found in the *Dyslexia Handbook*.

Teachers who screen and treat these students must be trained in instructional strategies that utilize individualized, intensive, multi-sensory, phonetic methods and a variety of writing and spelling components described in the *Dyslexia Handbook*. The professional development activities specified by each school and/or campus planning committee shall include these instructional strategies.

b) *Reassessment*

Unless otherwise provided by law, a student determined to have dyslexia during testing or accommodated because of dyslexia may not be retested for dyslexia for the purpose of reassessing the student's need for accommodations until THE LAWSON ACADEMY reevaluates the information obtained from previous testing of the student.

SEC 6. PARENT EDUCATION PROGRAM

THE LAWSON ACADEMY shall develop and provide a parent education program for parents and guardians of students with dyslexia and related disorders. This program should include:

- Awareness of characteristics of dyslexia and related disorders;
- Information on testing and diagnosis of dyslexia;
- Information on effective strategies for teaching dyslexic students; and
- Awareness of information on modification, especially modifications allowed on standardized testing.

Education Code 38.003; 19 TAC 74.28.

Sec. 7. REPORTING

THE LAWSON ACADEMY must report through the Public Education Information Management System to the Texas Education Agency the number of students enrolled who are identified as having dyslexia.
